

HOKIANGA ACCORD – COMMUNITY & GOVERNANCE

The Hokianga Accord is the mid north iwi customary fisheries forum”

“Ngapuhi and Ngati Whatua leadership are clear – there will be no racial segregation in the mid north when we come together to discuss the fish”

99% of the time that we, Ngapuhi, fish to feed our babies we are categorised as recreational fishers and therefore it is only natural that we join with the tauiwi to fight for our fair share

ECO, founded in 1971, is the national umbrella group for 53 organisations with a shared concern for the environment and sustainable management of natural resources.
